RADFAN HATEM

- ✓ **Name:** Radfan Fahd Alwan Hatem.
- ✓ **Address:** Yemen - Sana'a
- ✓ **Date of Birth:** January 2, 1994.
- ✓ **Phone Number:** 777894099 or 775098124 or 774140617.
- ✓ **E-mail:** Eng.RadfanFahd@gmail.com

CAREER OBJECTIVE

A telecommunications engineer aiming to work at your Distinguished Company in the field of Wireless, Optical Fiber or Microwave to enhance the skills acquired from studying Telecommunication Engineering and to contribute to the company's technological growth and development.

WORK EXPERIENCE

- ✓ **My-Communication Academy, Amman, Jordan (January 2023- Until now) Wireless Course.**
  - I have a deep knowledge of the mobile generations 1G,2G,3G,4G and 5G, specifically the process of designing coverage tower from these technologies, so that I am able to design a base station (BS) from scratch until it become on air.
  - I have an experience of the baseband unit (BBU) component setup, as I have read several datasheets for several versions and modules for the BBU from different vendors, and if the unit is manufactured by Huawei, I have the ability to choose the specific cards in accordance with the system requirement.
  - I am familiar with all type of antenna that can be used in the mobile site, and I have read many datasheets for several versions of different directional antennas form various vendors, and according to that I have the ability to supervise the installation operations for these antennas, RET, TMA, and Combiners.
  - I have a solid understanding of selecting the appropriate RF Module (RRU-MRFU-RBS) for the system that is being designed to suit the technologies that will be running in the mobile site.
  - Fully knowledge with all type of cables (LDF4-LDF5-LDF7) and connectors (N-DIN-4.3) that can be used on a mobile site. Additionally I am able to perform the correct calculations to select the types and lengths of cables suitable for any mobile site.
  - I have an experience of RF site survey for new site, existing site and calculation the power for all components.
  - I have an experience of implementations / installations for all passive component (Antenna-RET-TMA-Combiner), active component (RRU-RFU-RBS/ BBUS- SFP- SPRI-Cards) and power and grounding cables.
  - I have a good knowledge of 5G network architecture, including common technologies like eMBB, mMTC, and uRLLC as well as the 5G spectrum. Also, I am acquainted with NSA/SA networking, 5G channel coding, modulation, massive MIMO and F-OFDM technique.
  - Capable of using Atoll software, where I worked on designing a mobile system consisting of 15 base stations operating in 2G(GSM),3G(UMTS) and 4G(LTE) generation technology. I conducted more than 10 radio planning for mobile stations operating in 2G,3G and 4G generation technology to solve the

coverage issue, knowing that I imposed some data to complete the planning process.

- ✓ **My-Communication Academy, Amman, Jordan (July 2023- Until now) Optical Fiber Course.**
  - Experienced in HLD, LLD, Technical Design, and BOQ, with expertise in OSN 9800, OSN 8800, and OSN 1800. Experienced in installation, handover processes, and ensuring seamless integration of optical transmission systems.
  - Deep knowledge in ISP Architecture of Optical Access Network, PON, WDM, CWDM/DWDM, OLT, Optical amplifiers, Skilled in OSP, FTTx, DSLx and OTN.
  - I have a deep knowledge for all type of WDM Network locations [OTM, OADM (FOADM / ROADM{WB,PLC,WSS,CDCG}, OLA – REG – OTN(ODUk, OCh, MS-OTN)].
  - Full knowledge for Optical Network Components such as [Splitters (FBT/PLC) – Couplers (ASC/BSC) - Isolator – Circulator – Connectors (FC,LC,SC) - Amplifier (EDFA/Raman)] that can be used in the optical network, and I have read many datasheets for several versions of them.
  - Fully knowledge with all type of Single Mode Fiber Cables (G.652- G.653- G.654- G.655- G.656- G.657) and Multimode Fiber Cable (G.651) that can be used on an Optical Network Transmission.
  - I have an experience of site survey of Optical Network for new and existing sites and calculation the power for all components.
  - I have a deep knowledge of the Optical Network windows (1-2-3) and bands(O-band, E-band, S-band, C-band, L-band and U-band).
  - Fully knowledge with all type of (1+1) Protections for ASON(Coper, Silver, Diamond, Rerouting).
  - I have an experience of implementations / installations for all passive and active component for Optical Fiber Networks.
- ✓ **My-Communication Academy, Amman, Jordan (December 2023- Until now) Microwave Course.**
  - Designed and implemented microwave links for telecom networks, conducting site surveys, frequency planning, and equipment configuration using Huawei RTN620, RTN910, RTN950, and RTN980 for 2G, 3G, and LTE networks. Implemented and designed microwave transmission networks using various vendors' equipment like Siemens, Ericsson, NEC, Startex, and Huawei. Also, designed N+N backbone links with NEC equipment and performed network dimensioning to meet access and core traffic requirements.
  - Deep knowledge in: Link type Propagation, Polarization, Transmission signal, Antenna Gain, Half power 3db, Cross polarization, VSWR, Front to back ratio (Frequency, Band, Wave length, Distance. LOS, nLOS, NLOS) Definition, Calculation and types MW Design, topology, network Architecture, IDU, ODU, Xpic Protection, Diversity (FD, SD), N+N Link, All new technology (MIMO-SDB-XMC-CA-AM-XPIC), sectorization, Multi bands ODU PDH, SDH (Protocol) And Frame, Modulation, Alignment.
  - Fully knowledge with MW cables (RF) that can be used in MW Transmission site.
  - I have an experience of site survey for MW Transmission for new and existing sites and calculation FSPL.

- I have an experience of implementations / installations for MW Transmission component (Antenna-ODU-RF-IDU) and power and grounding cables.

✓ **Public Telecommunications Corporation, Sana'a, Yemen (2020).**

- Training at Operating and Maintenance General Department for the following departments: {(TDM-NGN in ALCATEL-LUCENT, HUAWEI and ZTE systems), (MSAN), (Microwave), Optical Transmission Systems (PDH-SDH-ASON-DWDM), Telephone Traffic and Network Management.

✓ **IELTS Center, Workshop in (Techniques used in Internet Services Provider) Sana'a, Yemen (2019).**

- Full Knowledge in Copper Cables (ADSL, VDSL, SHDSL) and Fiber Optics (GPON, FTTx, IP/MPLS).

✓ **MicroTick Course at New Horizons Institute, Sana'a, Yemen (2017).**

- I have a knowledge in programming and configuring routers.

✓ **English teacher for Secondary School (2020- until now) in many school in Sanna'a, Yemen.**

- I have been teaching in AL-Fadael National Schools, Marab street, Sanna'a, Yemen.
- I have been teaching in Aalm Al-Marifah Model Schools, Marab street, Sanna'a, Yemen.
- I have been teaching in Al-Salam Schools, Sarif village, Sanna'a, Yemen.

EDUCATION

- ✓ (2023) Wireless Course at My-Communication Academy, Amman, Jordan.
- ✓ (2023) Optical Fiber Course at My-Communication Academy, Amman, Jordan.
- ✓ (2023) Microwave Course at My-Communication Academy, Amman, Jordan.
- ✓ (2019-2020) Telecommunications Engineering at Community College, Sana'a, Yemen.
- ✓ (2020) Public Telecommunication Corporation, (Training for two months) Sana'a, Yemen.
- ✓ (2019) IELTS Center, Workshop in (Techniques used in Internet Services Provider) Sana'a, Yemen.
- ✓ (2023) ICDL Diploma at Pioneers Development Foundation for Development and Training, Sana'a.
- ✓ (2017) MicroTick Course for networking at New Horizons Institute, Sana'a, Yemen.
- ✓ (2017) Human Development from an Islamic View at Community College, Sana'a, Yemen.
- ✓ (2021) Training Certification for Teaching English Language at AL Wassael AL Watania, Sana'a.
- ✓ (2023) Training Certification for Effective Typical Teaching at Step Human Development, Sana'a.
- ✓ (2017) English Courses level (1A,1B,2A,2B,3A,3B,4A and 4B) at 4U Institute, Sana'a, Yemen.
- ✓ (2014-2015) Diploma in English Language at Academic British Institute, Sana'a, Yemen.
- ✓ (2011-2012) High School Certification, Scientific Department at AL-Salam School, Sana'a, Yemen.

SKILLS and ABILITIES

- ✓ Communication.
- ✓ Teamwork.
- ✓ Problem-solving.
- ✓ Time management.
- ✓ Leadership.
- ✓ Search skills.
- ✓ Dirving car.
- ✓ Excellent at English Language.
- ✓ Excellent at using computer (Micorsoft Office).
- ✓ Ability to write letters and reports.
- ✓ Ability to work under any environment.

DOCUMENTS

- ✓ Available upon request.
