Work Experience / Projects

YANKTUBE: YouTube video downloader for single videos/playlists.

- Single Video Downloads Choose between MP4 (video) and MP3 (audio) with resolutions from 144p to 1080p.
- Playlist Downloads Grab entire YouTube playlists in MP4 or MP3, with the same quality range.

SOCIALIZE: Social media app with posts, follows, and theme/language support.

- Each user has a dedicated profile page showcasing all their posts.
- Interact with posts through Likes, Shares, and Comments.

BUYIT: E-commerce platform integrated with WhatsApp and admin control panel.

- Manage products, sections, and users.
- Purchases are finalized via WhatsApp, where a pre-filled message includes selected product details.

TASK: Task manager with Google login and export features.

- Create new Collections and add multiple Tasks inside each.
- Instantly sign in with your Google account with a single click, no complex registration steps required.

CHATME: Real-time chat app with WebSockets and modern responsive design.

- Friend System Add and manage your friends list.
- Modern UI Clean, responsive design for all devices.
